# Project Charter

We, the **EDUCATION ACCESS** Action Team, believe that the **lack of awareness of the education system resources** is a serious problem and contributes to **lack of access and under-utilization** in the Eau Claire County community. We care about this problem because this **negatively impacts students** and we believe all students have the right to succeed. We propose to **create a network** to assist parents and students in navigating the educational system and community resources. We believe that this will help solve the problem by **connecting parents and students to resources** to help them succeed. In order to implement this solution we intend to connect to resources, the school district, and potential volunteers.

# Action Plan–Major Goals

- Create a network
- Connect families to resources surrounding the educational system
- Help families navigate the educational system
- Distribute information about the network
  - Connecting with families who may not normally connect with schools

# Next Major Accomplishments

- Create an email and Facebook page
- Design a logo
  - “*Connecting You to the People Who Can Help*”
- Gather a network of volunteers
- Distribute advertisements to:
  - Schools
  - Local Businesses
  - Other public gathering spaces
